1- THE LAW

Health and safety in schools is governed by legislation and associated regulations, which are enforced by the Health and Safety Executive (HSE).

In **community schools, community special schools and voluntary controlled school's** statutory health and safety responsibilities fall on the Local Authority (LA) (as the employer) and on the headteacher and other school staff (as employees).

As the management body, **the governing body** must ensure that school staff and premises follow policies and procedures set by the Local Authority for health and safety (e.g., reporting accidents, first aid provision), and:

- Implement a health and safety policy and advise employees of it;
- Have a Critical Incident/Business Continuity plan that considers emergency scenarios;
- Ensure, **so far as is reasonably practicable**, the health, safety and welfare of teachers and other education staff; the health and safety of pupils in school and on off-site visits; and the health and safety of visitors to schools, and volunteers involved in any activity on the school site or managed by the school;
- Assess the risk of all activities, both in school and off-site; introduce measures to manage those risks, and tell employees about those measures;
- Ensure that staff are competent and trained (including TeamTeach techniques where necessary) in their health and safety responsibilities; and are actively involved in health and safety;
- Take reasonable steps to make sure that the buildings, equipment and materials are safe and do not put the health of users and visitors at risk.
- Promote and support sensible health and safety management through discussion at Governor or Senior Leadership Team meetings; advice and guidance from the Corporate Health and Safety Unit when required.

In practice, the governing body may delegate specific health and safety tasks to others at the school.

The governing body, and headteacher, must comply with any direction given to them by the LA concerning the health and safety of persons on the school's premises or taking part in any off-site school activities.

2- THE ROLE OF EMPLOYEES IN PARKFIELD SCHOOL

Employees must take reasonable care of their own health and safety, and that of anyone else who may be affected by what they do at work. They must also cooperate with others who have duties for health and safety by carrying out instructions and reporting unsafe practices. The headteacher, who has delegated responsibility for the day-to-day management of the school, has a role of making sure that the governing body's health and safety policies and procedures are carried out.

3- COVERAGE

A list of all the issues to be covered by a school's health and safety policy is given on pages 7 - 9 of this document with electronic links to the relevant County Council or other appropriate guidance.

4- THE GOVERNORS OF PARKFIELD PRIMARY SCHOOL will

- Provide as far as reasonably practicable a safe and healthy environment for all persons who work at, attend or visit the school.

- Ensure, as far as reasonably practicable, the health and safety of pupils, staff and volunteers on off-site visits and activities.
- Endorse and support the safety policy of Somerset County Council, and to assist the Council to discharge those responsibilities, which it holds as employer.
- Seek improvement to working conditions according to priorities within existing resources.
- Recognise their responsibilities when they make available premises or equipment for hire, and will ensure that risks to the safety or health of hirers and other persons are adequately controlled as far as possible.
- Ensure that Risk Assessments are carried out within the school using an identified method for recording (e.g., EEC Safety Suite). Risk assessments are communicated to all staff and reviewed as appropriate.
- Promote and engage health and safety through discussion and informal meetings and ensure time is made available in staff meetings where health and safety issues can be raised.
- Ensure that staff can access training to ensure their competence for their tasks.
- Accept the duties that they may hold as a client where they arrange for work through contractors or volunteers. Follow the Council's guidance for the selection of competent contractors and will seek assistance from the Council's Property Services when necessary. Ensure that volunteers receive adequate instruction and supervision to work safely.
- Report all incidents/accidents, using the Accident Reporting Module in EEC Safety Suite and ensure appropriate follow up action has been carried out.
- Review on an annual basis, all accidents and incidents reported to identify trends.
- Consult with the school council and inform pupils of their responsibilities for Health and Safety.
- Recognise the role of safety representatives appointed by recognised trade unions and co-operate with them so that they may undertake their health and safety related functions, including reasonable paid time off for consultation inspection and investigations.
